

EVENT COMPLETION REPORT

3-Day Workshop on Advanced Diagnostic Techniques

Date: 18/12/2024 to 20/12/2024

Time: 11.00am to 01.00pm

Venue: VIPS Campus

Organised by: Venkateshwar Institute of Paramedical Sciences

1. Introduction

Venkateshwar Institute of Paramedical Sciences organized a three-day workshop on "Advanced Diagnostic Techniques" from 18th to 20th December 2024, aimed at providing students with hands-on exposure to emerging trends and methods used in modern diagnostic sciences.

The workshop was designed to enhance the practical knowledge of students in the field of medical diagnostics and to bridge the gap between theoretical learning and clinical applications.

The sessions were conducted under the esteemed guidance of subject experts and witnessed enthusiastic participation from both students and faculty members. The Chief Guest, Dr. S.K. Mehra, graced the event and emphasized the importance of innovation, precision, and hygiene in the diagnostic sector.

2. Objectives

- To introduce students to advanced diagnostic tools and their clinical relevance.
- To develop practical understanding of techniques like ELISA and MRI.
- To promote awareness about infection control and hand hygiene in healthcare.
- To bridge the gap between theoretical learning and real-world laboratory applications.
- To enhance the competence and confidence of students in diagnostic methodologies.

3. Event Highlights

- The workshop spanned over three days, with each day dedicated to a specific diagnostic topic and practical demonstration.

• Day 1 (18th December 2024):

The session, conducted by Ms. Vaidika Rathore, focused on the ELISA (Enzyme-Linked Immunosorbent Assay) technique. Participants learned about its principles, procedure, and interpretation of results used

in disease detection and immunodiagnostics.

• **Day 2 (19th December 2024):**

The second session, led by Mr. Kailash Karwa, provided an in-depth overview of Magnetic Resonance Imaging (MRI). The discussion covered the physics behind MRI, its advantages over other imaging modalities, and case-based applications in clinical diagnostics.

• **Day 3 (20th December 2024):**

The concluding session, conducted by Ms. Anjali Sen, highlighted the topic “Hand Hygiene and its Importance in Hospital-Acquired Infections (HAI).” Students were guided on proper handwashing techniques, use of sanitizers, and hygiene protocols essential for infection prevention.

- The event was inaugurated by Dr. S.K. Mehra, who motivated students to stay updated with technological advancements in diagnostics.
- Throughout the workshop, students actively participated in interactive discussions, demonstrations, and question-answer sessions.

4. Outcomes

- A total of 55 students participated in the three-day workshop.
- Participants gained hands-on knowledge about modern diagnostic procedures and infection control.
- The sessions enhanced students’ analytical, technical, and critical thinking skills.
- The workshop encouraged curiosity, discipline, and practical learning among budding paramedical professionals.
- The event successfully created awareness about quality control and safety standards in diagnostic laboratories.

5. Conclusion

The 3-Day Workshop on Advanced Diagnostic Techniques at Venkateshwar Institute of Paramedical Sciences proved to be a valuable educational experience for all participants.

It provided a strong foundation in essential diagnostic practices while emphasizing innovation, precision, and hygiene in healthcare. The event reflected the institute’s continuous efforts to promote excellence in paramedical education through interactive and skill-based learning.

6. Acknowledgements

We express our sincere gratitude to:

- Dr. S.K. Mehra, Chief Guest, for his inspiring presence and insightful address.
- Ms. Vaidika Rathore, Mr. Kailash Karwa, and Ms. Anjali Sen for conducting informative and practical sessions.
- Mr. B.L. Lohar and Mr. Yash Jain, Event Coordinators, for their efficient planning and smooth execution of the workshop.
- All faculty members and students for their active involvement and enthusiasm.
- Technical and support staff for their assistance throughout the event.

CIRCULAR

This is to inform to all the students and the staff that a 3-day workshop on advanced diagnostic techniques will be held at college on 18/12/2024 to 20/12/2024. All the students are requested to participate in the workshop. The workshop will be held from 11:00 am till 1:00 pm. Students are requested to report at venue by 10:30 am sharply to ensure smooth functioning of workshop.

DATE	TOPIC	Time	Presented By
18-12-24	"ELISA- Enzyme linked Immuno Sorbet assay"	11:00am- 1:00pm	Ms.Vaidika Rathore
19-12-24	"MAGNATIC RESONANCE IMAGING"	11:00am- 1:00pm	Mr. Kailash Karwa
20-12-24	Hand Hygiene and its importance	11:00am- 1:00pm	Ms. Anjali Sen
