

## EVENT COMPLETION REPORT

Community Service, Outreach  
programme on Personal Hygiene

**Date:** 23/01/2026

**Time:** 11:00 AM to 2:00 PM

**Venue:** Government School, Chanakyapuri, Girwa, Udaipur

**Organised by:** Venkateshwar Institute of Paramedical Sciences

### Introduction

Venkateshwar Institute of Paramedical Sciences organized a community outreach programme on **Personal Hygiene** on 23<sup>rd</sup> January at Government School, Girwa, Udaipur. The programme aimed to spread awareness among school children about the importance of maintaining personal hygiene, with special emphasis on nail care and oral hygiene. Personal hygiene plays a vital role in preventing communicable diseases and promoting overall health, especially among children in rural and semi-urban areas.

### Objectives

The main objectives of the programme were:

- To educate school children about the importance of personal hygiene in daily life
- To create awareness regarding proper nail care and oral hygiene practices
- To prevent hygiene-related infections and diseases among children
- To encourage healthy habits from an early age
- To promote community health through health education initiatives

### Event Highlights

- The programme was conducted by faculty members and paramedical students of Venkateshwar Institute of Paramedical Sciences
- Interactive sessions were held using simple language suitable for school children
- Demonstrations were given on proper hand washing techniques, nail trimming, and brushing methods
- Students actively participated by asking questions and sharing their experiences

**PRINCIPAL**  
VENKATESHWAR INSTITUTE OF  
PARAMEDICAL SCIENCES  
UMARDA, UDAIPUR

- Educational tips were provided to help children maintain hygiene at home and school
- The school staff cooperated actively in organizing and managing the programme

## **Outcomes**

- Students gained knowledge about the importance of personal hygiene
- Improved awareness regarding nail care and oral hygiene practices
- Children showed enthusiasm and willingness to adopt healthy habits
- The programme helped in strengthening the institute's role in community health promotion
- Positive feedback was received from teachers and students of the school

## **Conclusion**

The community Outreach Programme on Personal Hygiene conducted at Government School Chanakyapuri, Girwa, Udaipur was successful and impactful. It effectively enhanced awareness among students regarding basic hygiene practices essential for a healthy life. Such programmes play a significant role in improving community health and reflect the social responsibility of Venkateshwar Institute of Paramedical Sciences.

## **Acknowledgements**

Venkateshwar Institute of Paramedical Sciences expresses sincere gratitude to the management, faculty members, and students for their active participation. We also thank the headmaster, teachers, and students of school for their cooperation and support in making this programme successful.
