

EVENT COMPLETION REPORT

National Pharmacy Week Celebration

Date: 15th -17th December 2022

Time: 10:00 AM onwards

Venue: Venkateshwar Institute of Pharmacy, Umarda, Udaipur

Organised by: Venkateshwar Institute of Pharmacy

1. Introduction

Venkateshwar Institute of Pharmacy organized the *National Pharmacy Week* from 15th to 17th December 2022 to recognize and promote the vital role of pharmacists in healthcare delivery and public health. The programme was conducted in alignment with the theme "Pharmacy of the World – India," highlighting India's growing contribution to global pharmaceutical advancements and healthcare systems.

In the modern healthcare ecosystem, pharmacists play a crucial role in ensuring safe medication use, patient counselling, pharmacovigilance, and rational drug therapy. Recognizing this significance, the institute designed the three-day programme to enhance students' understanding of professional responsibilities, ethical practices, and the evolving scope of pharmacy practice.

The celebration provided a comprehensive platform combining academic, outreach, and co-curricular activities, enabling students to actively engage in knowledge dissemination, creativity, and teamwork.

2. Objectives

- To celebrate the theme "Pharmacy of the World – India".
- To promote awareness about the role of pharmacists in healthcare and public health
- To highlight the importance of medication counselling and patient safety
- To encourage active participation in academic and professional activities
- To strengthen communication between pharmacy students and the community

3. Event Highlights

- The programme was conducted over three days, ensuring a structured and comprehensive engagement of students in academic and outreach activities.
- A Poster Presentation Competition was organized, where students prepared and displayed informative posters on the role of pharmacists, rational drug use, and healthcare awareness. The posters were evaluated by faculty members, encouraging academic excellence and creativity.
- An Awareness Rally was conducted within and around the campus where students actively participated in spreading awareness about:
 - Safe medication practices
 - Rational use of medicines
 - Importance of pharmacists in healthcare delivery
- Cultural activities, including singing and group/solo dance, were organized to enhance student engagement and participation, creating a balanced academic and recreational environment.
- The programme concluded with a Prize Distribution Ceremony, where top performers in competitions were felicitated with certificates and medals, motivating students toward active participation.

4. Outcomes

The programme recorded participation from 85 attendees, including 74 students and 11 staff members, indicating strong academic and co-curricular engagement.

The event successfully achieved its objectives by enhancing students' understanding of the role of pharmacists in healthcare delivery, patient counselling, and medication safety. The academic activities, particularly poster presentations, contributed to improved conceptual clarity, creativity, and communication skills among students.

One of the key outcomes was the promotion of professional awareness and ethical orientation, encouraging students to recognize their responsibility as future healthcare providers. The awareness rally provided experiential learning, enabling students to engage directly with the community and disseminate important healthcare messages.

The programme also strengthened teamwork, confidence, and leadership skills, as students actively participated in group activities and competitions. Additionally, it fostered community awareness regarding rational drug use and safe medication practices, aligning academic learning with real-world applications.

5. Conclusion

The National Pharmacy Week Celebration at Venkateshwar Institute of Pharmacy were successfully conducted and effectively fulfilled their objective of promoting professional awareness, academic engagement, and healthcare responsibility among students.

The programme demonstrated that structured academic and outreach activities can significantly contribute to developing competent, ethical, and socially responsible pharmacy professionals. The combination of technical activities, awareness initiatives, and cultural engagement ensured comprehensive learning and participation.

The active involvement of students and faculty highlights the effectiveness of the programme in fostering professional identity, communication skills, and teamwork. It also reinforced the importance of integrating theoretical learning with practical awareness in the healthcare domain.
