

EVENT COMPLETION REPORT

Plantation "Prakriti"	Programme: Eco-Club	Date: 31/01/2026 Time: 10:00 AM to 11:00 AM
Venue: PIMS Campus		

Organised by: Venkateshwar Institute of Paramedical Sciences, Eco-Club - Prakriti

1. Introduction

Venkateshwar Institute of Paramedical Sciences and the Eco-Club "Prakriti", successfully organized a plantation drive programme at the university campus. This programme was conducted with the aim of promoting environmental awareness, ecological responsibility, and sustainable practices among students and faculty members. Plantation activities play a vital role in maintaining ecological balance and fostering a sense of responsibility towards nature, especially among future healthcare professionals.

2. Objectives

- To create awareness about environmental conservation and the importance of greenery.
- To encourage students to actively participate in eco-friendly initiatives.
- To promote sustainable development and biodiversity.
- To impart a sense of social and environmental responsibility among paramedical students.
- To strengthen inter-institutional collaboration through joint environmental activities.

3. Event Highlights

- Faculty and students of Venkateshwar Institute of Paramedical Sciences actively participated.
- Various saplings such as medicinal plants, shade-giving trees, and flowering plants were planted within the campus premises.
- Students were guided on proper plantation techniques and post-plantation care.
- The event emphasized teamwork, discipline, and collective responsibility towards the environment.

4. Outcomes

- Increased awareness among students regarding environmental protection and sustainability.
- Active student participation strengthened eco-conscious behaviour.
- Enhancement of green cover within the Pacific Institute of Paramedical Sciences campus.

- Development of leadership, teamwork, and social responsibility among participants.
- Motivation for future eco-friendly and green initiatives under Eco-Club – Prakriti.

5. Conclusion

The plantation drive was a successful and meaningful initiative. The event not only contributed to environmental conservation but also sensitized students about their role in protecting nature. Such programmes are essential in shaping responsible healthcare professionals who understand the importance of a healthy environment for a healthy society.

6. Acknowledgements

The organizers express their sincere gratitude to the management of Venkateshwar Institute of Paramedical Sciences for their support and cooperation. Special thanks are extended to the Eco-Club coordinators, faculty members, and enthusiastic students whose active participation made the programme successful.
