

EVENT COMPLETION REPORT

World Environment Day - "Beat Plastic Pollution"

Date: 5th June 2025

Time: 6:30 AM onwards

Venue: Classroom-3, 1st Floor, Venkateshwar Institute of Pharmacy

Organised by: Venkateshwar Institute of Pharmacy

In Collaboration with: Rajasthan State Pollution Control Board, Udaipur

1. Introduction

Venkateshwar Institute of Pharmacy observed *World Environment Day* on 5th June 2025 with the global theme "*Beat Plastic Pollution*". The programme was organized as a structured environmental awareness initiative aimed at promoting sustainable practices, ecological responsibility, and behavioural change among students and staff.

Environmental degradation, particularly plastic pollution, has emerged as a critical global challenge impacting ecosystems, biodiversity, and human health. Educational institutions play a pivotal role in addressing these concerns by fostering awareness and encouraging responsible environmental behaviour among youth.

Recognizing this responsibility, Venkateshwar Institute of Pharmacy organized the event in collaboration with the Rajasthan State Pollution Control Board, Udaipur, to provide students with practical exposure to environmental issues and sustainable solutions. The programme aimed to integrate environmental awareness with community engagement and health-conscious activities, reinforcing the importance of collective action.

2. Objectives

- To create awareness about environmental protection and plastic pollution
- To promote the theme "Beat Plastic Pollution" through practical initiatives
- To encourage adoption of sustainable practices (Reduce, Reuse, Recycle, Rethink)
- To foster community participation and environmental responsibility
- To align with Sustainable Development Goals related to climate action and sustainability
- To promote behavioural change toward eco-friendly lifestyles

3. Event Highlights

- The programme commenced with a welcome address highlighting the significance of World Environment Day and environmental responsibility.
- A marathon/awareness rally was organized from Shaurya Garh Resort near Shilpgram, promoting messages related to:
 - Plastic-free living
 - Cleanliness and hygiene
 - Environmental conservation
- Students actively participated in the rally, carrying banners and spreading awareness among the public.
- Awareness speeches and discussions were conducted, emphasizing:
 - Harmful effects of plastic pollution
 - Importance of sustainable alternatives
 - Individual responsibility in environmental conservation

4. Outcomes

The programme witnessed active participation from 37 students, reflecting targeted engagement in environmental awareness activities.

The event successfully achieved its objectives by enhancing awareness regarding plastic pollution, environmental sustainability, and responsible consumption practices. Participants developed a better understanding of the environmental impact of single-use plastics and the importance of adopting eco-friendly alternatives.

One of the key outcomes was the promotion of behavioural change, where students were encouraged to adopt practices such as reducing plastic use, reusing materials, and supporting sustainable products. The awareness rally provided experiential learning, enabling students to engage directly with the community and disseminate environmental messages effectively.

The programme also strengthened teamwork, communication skills, and social responsibility, as students actively participated in group activities and awareness campaigns. Additionally, the collaboration with the Rajasthan State Pollution Control Board enhanced the programme's credibility and outreach.

5. Conclusion

The World Environment Day celebration at Venkateshwar Institute of Pharmacy was successfully conducted and effectively fulfilled its objective of promoting environmental awareness, sustainability, and responsible behaviour among students.

The programme demonstrated that structured awareness initiatives can significantly contribute to developing environmentally conscious and socially responsible individuals. The combination of awareness rally, expert interaction, and student participation ensured meaningful engagement and practical learning.

The active participation and positive response from students indicate the effectiveness of the initiative in fostering environmental responsibility and behavioural change. The programme also reinforced the importance of collective action in addressing global environmental challenges such as plastic pollution.
