

## EVENT COMPLETION REPORT

**World Pharmacist Day Celebration**

**Date:** 25<sup>th</sup> September 2023

**Time:** 11:00 AM onwards

**Venue:** Venkateshwar Institute of Pharmacy, Umarda, Udaipur

**Organised by:** Venkateshwar Institute of Pharmacy

### 1. Introduction

Venkateshwar Institute of Pharmacy celebrated *World Pharmacist Day* on *25th September 2023* to recognize and highlight the indispensable role of pharmacists in strengthening healthcare systems. The celebration was aligned with the global theme "*Pharmacy Strengthening Health Systems*," which emphasizes the contribution of pharmacy professionals in ensuring safe, effective, and accessible healthcare services.

In the evolving healthcare landscape, pharmacists play a vital role not only in dispensing medicines but also in patient counselling, pharmacovigilance, medication safety, and public health awareness. Recognizing this significance, the institute organized the programme to enhance students' understanding of professional responsibilities, ethical practices, and the expanding scope of pharmacy practice.

### 2. Objectives

- To celebrate World Pharmacist Day and its 2023 theme
- To create awareness about the role of pharmacists in strengthening healthcare systems
- To promote professional ethics and responsibility among pharmacy students
- To encourage creativity and participation through academic and co-curricular activities
- To enhance understanding of medication safety and patient care practices

### 3. Event Highlights

- The programme commenced with a Lamp Lighting Ceremony, symbolizing knowledge and professional commitment.
- A Cake Cutting Ceremony was conducted to mark the celebration of World Pharmacist Day, creating a sense of unity and enthusiasm among participants.
- Prof. (Dr.) Khemchand Gupta, Principal, delivered a welcome address highlighting the importance of pharmacists in patient care, healthcare systems, and public health awareness.
- A Rangoli Competition was organized based on pharmacy awareness themes, encouraging creative expression of professional concepts.
- A Poster Making Competition was conducted, where students presented innovative ideas related to medication safety, pharmacy services, and healthcare awareness.
- Entries were evaluated by faculty members, and certificates and medals were awarded to top performers, promoting academic excellence and participation.
- The event witnessed participation of 62 students and 13 faculty members, reflecting strong academic engagement.

### 4. Outcomes

The programme successfully achieved its objectives by enhancing awareness regarding the role of pharmacists in strengthening healthcare systems and ensuring patient safety. Participants developed a

better understanding of the World Pharmacist Day 2023 theme and its relevance in modern healthcare practices.

The event contributed significantly to building professional identity and pride among pharmacy students, encouraging them to view their role as responsible healthcare providers. The poster and rangoli competitions facilitated the development of creativity, conceptual clarity, and communication skills, enabling students to express complex healthcare concepts effectively.

One of the key outcomes was the promotion of teamwork, collaboration, and active participation, as students engaged in group-based activities and competitions. The programme also strengthened awareness regarding medication safety, rational drug use, and public health responsibilities, aligning academic learning with real-world applications.

Additionally, the event fostered student engagement and confidence building, creating a vibrant academic environment. Overall, the programme effectively integrated theoretical knowledge, creative expression, and professional awareness, contributing to holistic student development.

## **5. Conclusion**

The World Pharmacist Day Celebration at Venkateshwar Institute of Pharmacy was successfully conducted and effectively fulfilled its objective of promoting professional awareness, academic engagement, and healthcare responsibility among students.

The programme demonstrated that structured academic and co-curricular initiatives can significantly contribute to developing competent, ethical, and socially responsible pharmacy professionals. The combination of awareness activities, competitions, and faculty interaction ensured meaningful participation and knowledge dissemination.

The active involvement of students and faculty highlights the effectiveness of the programme in fostering professional identity, creativity, and communication skills. It also reinforced the importance of integrating academic learning with practical awareness in the healthcare domain.
