

## EVENT COMPLETION REPORT

Community Visit – Saras Dairy, Goverdhan Villas

Date: 25<sup>th</sup> April 2025

Time: 11:00 AM onwards

Venue: Saras Dairy, Goverdhan Villas, Udaipur

Organised by: Venkateshwar College of Nursing, Umarda, Udaipurs

### 1. Introduction

As part of the community health nursing curriculum, Venkateshwar College of Nursing organized a community visit to Saras Dairy, Goverdhan Villas on 25th April 2025. The visit aimed to help students understand the link between public health, food safety, and nutrition by observing one of the region's leading dairy processing units. The experience provided practical insights into hygienic food handling, milk processing, and the role of dairy cooperatives in community nutrition.

### 2. Objectives

- To familiarize nursing students with the processes involved in milk collection, testing, pasteurization, and packaging
- To understand the importance of food hygiene, safety protocols, and cold chain maintenance
- To observe the public health implications of dairy nutrition in community health
- To relate classroom knowledge with real-world industry practices in food safety and preventive health

### 3. Event Highlights

- The students were welcomed by the quality control and operations team at Saras Dairy, who delivered an orientation on the history, scale, and operations of the dairy plant.
- The visit included a guided tour of various operational units, including:
  - Milk reception and quality testing stations
  - Pasteurization and homogenization chambers
  - Cold storage and packaging sections
  - Distribution logistics and hygiene protocols
- The dairy officials explained:
  - How quality checks are performed to prevent contamination
  - The nutritional significance of milk and dairy products in public health
  - The critical role of cold chain management and clean handling in maintaining safety
- The students engaged in interactive discussions on food-borne infections, dairy nutrition for maternal and child health, and the role of community nurses in spreading awareness about food hygiene.

### 4. Outcomes

- Enhanced understanding of food safety, milk hygiene, and quality assurance in public nutrition
- Greater awareness among students of the nutritional importance of dairy in community diets
- Practical exposure to health-related protocols implemented in large-scale food industries
- Reinforcement of the nurse's role in community education and nutritional advocacy

## **5. Conclusion**

The community visit to Saras Dairy provided a valuable real-world learning experience for the 67 nursing students of Venkateshwar College of Nursing. It bridged academic concepts with practical field applications and emphasized the importance of safe food practices, nutritional health, and community education. The visit aligns with the institute's vision to produce skilled, socially responsible healthcare professionals equipped to contribute to public health and wellness.
