

EVENT COMPLETION REPORT

School Reach-Out Program: Community Health Awareness Activities

Date: 18th Nov. 2025

Time: 10:30 AM

Venue: Primary School, Umarda, Udaipur

Organized by: Venkateshwar College of Nursing Umarda, Udaipur

1. Introduction

A School Reach-Out Program, focusing on Community Health Awareness Activities, was successfully conducted by the nursing students of Venkateshwar College of Nursing on 18 NOV 2025 at the Primary School, Umarda, Udaipur. The purpose of this outreach was to create awareness among school children regarding basic health, hygiene practices, safety, and overall well-being. The program was carried out with the active participation of 64 students from the B.Sc. Nursing 5th Semester.

2. Objectives

The primary objectives of the School Reach-Out Program were:

- To create basic health awareness among school children.
- To educate students on the importance of maintaining proper hygiene practices (e.g., handwashing and cleanliness).
- To promote awareness regarding safety and overall well-being.
- To provide nursing students with hands-on experience in community health education and outreach.

3. Event Highlights

The program involved engaging and interactive activities designed to effectively communicate health messages to the school children:

- **Preparation:** The 64 participating BSc Nursing 5th Semester students prepared educational charts, practical demonstrations, and simple teaching aids relevant to the program theme.
- **Health Education Sessions:** Students conducted interactive sessions on topics such as personal hygiene, dental care, basic nutrition, and the prevention of common illnesses.
- **Practical Demonstrations:** Hands-on demonstrations, particularly the correct seven steps of handwashing, were taught and practiced by the school children.
- **Interactive Learning:** Educational games and storytelling were used to reinforce the importance of health and safety in an accessible format.
- **Faculty Support:** The support and encouragement from faculties were present, ensuring the program was motivational and impactful.

4. Key Outcomes

- **Improved Health Knowledge:** School children gained practical and actionable knowledge regarding basic health and hygiene practices.
- **Skill Development:** The nursing students enhanced their communication, teaching, and community mobilization skills, fulfilling a core objective of community health nursing.
- **Positive Engagement:** The program fostered a positive relationship between the nursing college and the local primary school community.
- **Reinforced Learning:** The 64 student participants successfully applied theoretical community health concepts in a real-world setting.

5. Conclusion

The School Reach-Out Program on 18th NOV 2025 was a highly successful and meaningful community service initiative. By focusing on fundamental health and hygiene, the program achieved its purpose of raising awareness among school children. The active involvement of the 64 students from BSc Nursing 5th Semester ensured the program was impactful and contributed positively to the community's overall well-being, aligning with the college's dedication to public health service.
